

**LAKESHORE DRAIN
PARADISE VILLA PROPERTY OWNERS MEETING
JULY 6, 2007
2:00 PM
CHIKAMING TOWNSHIP HALL**

Dear Property Owner:

As you may be aware, the Berrien County Drain Commissioner's Office has been petitioned for the maintenance and improvement of the Lakeshore Drain. The Drain Commissioner's Office is in the process of designing the specifics of the project with its engineers. Because the storm sewer for this project is in close proximity to many homes, special consideration will be taken to work with property owners to the extent possible.

Accordingly, a meeting will take place on July 6, 2007, at 2:00 PM at the Chikaming Township Hall, *13535 Red Arrow Hwy, Harbert MI*, to discuss the conceptual design plans for stormwater management in the Paradise Villas development and effected surrounding properties.

Project information is available at www.lakeshoredrain.com. Please check this website periodically as more information will be posted as it becomes available.

Sincerely,

Roger H. Zilke
Berrien County Drain Commissioner
